

# Solution to The Space Between

By Aaron Sheldon

When this puzzle is seen as a grid of letters, a pattern appears in the blank spaces. If you treat the blank spaces as dots and treat the dots as Braille letters, you can read out "Read Cake". At the event, food was provided and this was the clue to read the text written on a cake (or sign) in a very visible location at each school (typically near the rest of their food). The cake had the answer written on it. ANSWER: **TRUTH**
