

ROUND TRIP

By: Josh Oratz

First, solve the crossword-style clues starting with the left column (the letter counts on the left side should help). The answers are also in alphabetical order to help out.

Date
Know
Peers
Reveal
Revile
Seven
Spool
Teem

Now solve the clues on the right side. These clues may be ambiguous at first, but the answers on the left should help.

Liver
Eves
Loop
Wok
Lever
Seep
Met
Eta

Each of the answers on the right side is a semornilap matching with one of the answers on the left side, just missing a letter. Matching up the answers and taking the missing letter in each right side answer gives ENSNARED, which is a clue for another word that fits the almost-semordnilap pattern: TRAPPED. Reversing and subtracting a letter, you get the solution, **DEPART**.
