# THE TERMINAL

All these people have airports named after them, so if you write the airport code for each of these airports, you will find the answer to the puzzle.

- YMJ   Clifford McEwen
- ATO   Gordon K. Bush
- IAH   George H. W. Bush
- YKN   John Chandler Gurney
- MYF   John J. Montgomery
- FOK   Francis S. Gabreski
- LBE   Arnold Palmer
- AHN   Ben T. Epps, Sr.
- JAN   Medgar Evers
- CLE   William R. Hopkins
- YXD   Kenneth Alexander Blatchford
- MSY   Louis Armstrong

The hint tells you to look at the end, therefore, if you take the last character of each of these code, you will find that it says "JOHN F KENNEDY". The JFK airport is in **NEW YORK**
