---

Now, for the list of names. These are all last names of congresspeople, representing a particular district in a particular state. For example, Congressman Pete Visclosky represents Indiana's 1<sup>st</sup> congressional district. Indexing into Indiana's color, blue, by the district number, 1, produces the letter B. Follow this pattern for the remainder of the names:

Congressperson	District	Color	Indexed Letter
Pete Visclosky	Indiana 1	Blue	B
Jim Sensenbrenner	Wisconsin 5	Yellow	O
Jeff Fortenberry	Nebraska 1	Red	R
Justin Amash	Michigan 3	Red	D
Jared Huffman	California 2	Red/Yellow	E
Raul Grijalva	Arizona 3	Purple	R
Jared Polis	Colorado 2	Blue	L
Louie Gohmert	Texas 1	Yellow	Y

Notice that the result is the same regardless of what color you choose for California.

The result obtained in this manner is the answer: **BORDERLY**.
