

ELEMENTS OF FLIGHT

By: Chris Jeuell

For this puzzle, the following page will be useful: <http://www.airportcodes.us/us-airports.htm>. Moreover, these are the only airports that are relevant to this puzzle. And although physicists have split an atom, we would never think to split an airport. After all, without airports, traversing a flight path from source to destination would look very different from what it is today.

COAST MELON RELAX CHAIR

BABE GASPS ACIDS BURN BOGS

BIOME EARN FACT BRAID BETAS

COMA SALON

VAST TAINT WORD

CLEF SPIN APSES BRAND FONT

DECK SCRAP CAGED BARKS
