

SYNESTHESIA

By: Robert Luan

Each rebus refers to a song. Filling in the blanks with the song artists is the way to go:

Rebus	Song	Artist
1	Purple Haze	Jimi Hendrix
2	Brown-Eyed Girl	Van Morrison
3	Black and Yellow	Wiz Khalifa
4	Back in Black	AC/DC
5	99 Red Balloons	Nena
6	Love over Gold	Dire Straits
7	Tangled Up in Blue	Bob Dylan
8	Gold on the Ceiling	The Black Keys

In the four boxes are the abbreviations IA, WA, ND, and LA. And reading the numbered letters in order gets you the phrase "REFERTOCONTINENTAL".

So take a gander at the puzzle Continental, and the four states Iowa, Washington, North Dakota, and Louisiana. These four states are purple, yellow, red, and blue.

"Purple, Yellow, Red, and Blue" happens to be the name of a song written by the oddly punctuated Portugal. The Man.

In the four boxes are the abbreviations IA, WA, ND, and LA.

That's the solution: **PORTUGALTHEMAN** (including spaces or punctuation are OK).
