Journal Logs

CONFIDENTIAL

I'm writing to you because your curiosity compelled me to study the work of our top researchers at CPC's facility in Pennsylvania. I've managed to gather the latest journal logs of the elusive Punxsutawney Phil and the prolific Reading Tay.

From the desk of Punxsutawney Phil:

I have always been truly convinced that by looking up historical data on these years, we will be able to cast a shadow over leading baggage handling options of today.

1988	1920	2012	1887	1970
1986	1919	1991	2014	1971
1995	1975	1990	1890	1904
2013	1993	1997	1902	1944
1998	1934	1950	1960	1983

From the desk of Reading Tay:

I have always been deluxely convinced that Phil is trying to do too much work, and all we really need to focus on is 1989. Last night's work session with him makes me think I'm right.

Now we got dilemmas, and I don't think we can solve them. Are we clear of the woods? Are we in the clear yet? You stand there like a ghost, shaking from the ramifications. I screamed so loud but no one heard a sound. It's 2AM, in your laboratory. You can see it with the lights dimmed. We play dumb but we know exactly what we're witnessing. You flash your green light at me. It's a new discovery... I could dance to this!
