3/6 cup	active cultures	→	Y <u>O</u> GURT				

Let sit overnight (or longer). Combine ingredients and serve. What have we made?

In order to follow the recipe's directions, you add "time" to each of the ingredients. The measurements offer a clue to the length of the aged ingredient, as well as providing an index into the answer. Together, the indexed letters spell PARSLEY SAGE ROSEMARY. You just add thyme once more to get the herbs from a classic ballad: SCARBOROUGH FAIR. CAMBRIC SHIRT is also acceptable as an item from the lyrics to Scarborough Fair that is "made."

**SCARBOROUGH FAIR or
CAMBRIC SHIRT**
