

SOLUTION: Compliments to the Chef

Author: Isaac S Banner

First the solver must translate the shopping list to Chef Louis' native tongue, French!

5 Cakes	gate <u>a</u> ux
4 Lobsters	hom <u>a</u> rds
1 Fritter	b <u>e</u> ignet
7 Cheeses	fromag <u>e</u> s
2 Onions	o <u>i</u> gnons
6 Lemons	citro <u>n</u> s
11 Grapefruits	pampl <u>e</u> mouss <u>e</u> s
7 Sausages	sauc <u>i</u> ss <u>e</u> s
4 Halibut	flet <u>a</u> n

Taking the indexed letter from each item on the shopping list the solver gets a jumble of useless letters:

aabeinsst

As the prompt suggests, the shopping list got a bit mixed up – unjumbling the letters gives the answer.
