

SOLUTION: Dubloony

Author: Isaac S Banner

Following the correct path through the maze the solver should be able to collect 14 gold coins and find that their gold spells out the phrase "PEQUODSURVIVOR." The Pequod is a Nantucket whaling ship from Herman Melville's "Moby Dick," a tantalizing tale of man vs nature. Though the ship and most of her crew are lost to the inky depths, there is one man who survives the wreckage.
