

Dark Cavern

Solution

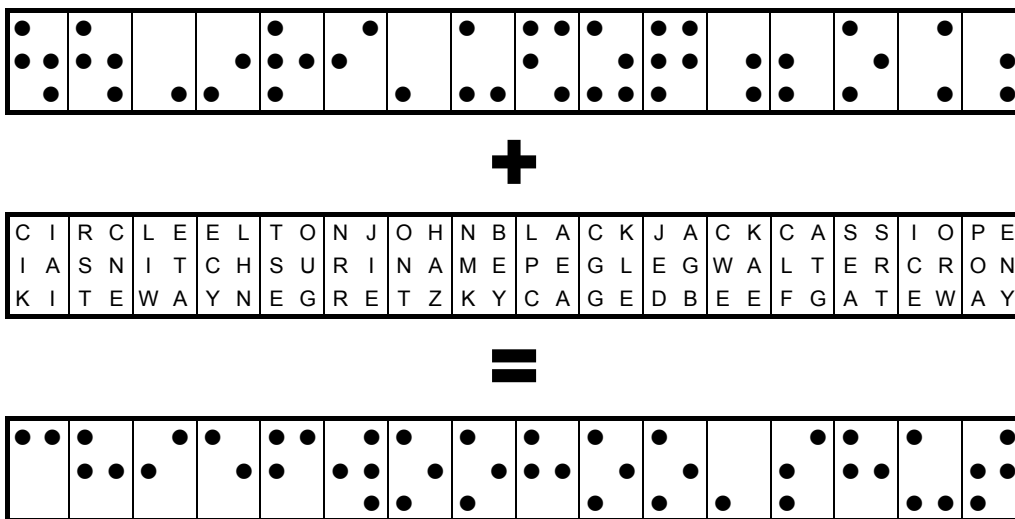

By Andy Crane

The diagram appears to be Braille, but the letters are garbage. The example demonstrates how to take a phrase and apply it to get a new diagram. The letters overlay directly, and the example shows that dots are toggled in places where A, E, I, O, U, or Y appear.

Next, match the answers from the other puzzles to the list in this puzzle to get the following:

CIRCLE
ELTON JOHN
BLACKJACK
CASSIOPEIA
SNITCH
SURINAME
PEGLEG
WALTER CRONKITE
WAYNE GRETZKY
CAGEDBEEF
GATEWAY

Overlay these answers as in the example to get the following:

Reading the new Braille characters spells the message **CHIEF WOOHOO'S HUT**. Upon submitting this answer, S.O.L.V.E. Command Center sent back tablets with an island script copied from stone tablets.
