

The Great Pyramid of Giza

Located outside Cairo, Egypt, the Great Pyramid rules over the desert. The pyramid measures over 455 ft (about 138 m) and was built in approximately 2580 BC. Bottom entrances provides tourist access to the pyramid's three interior chambers. Though the pyramid has long been studied by modern archaeologists, the manner of its construction was not documented and remains unknown to this day.

CRIMSON HAT

Make the next row's word using the previous row's letters plus one letter. The added letters are unique.
