

# The Joy of Mixology

By Brad Sullivan

The pictures in the four corners represent four main types of alcohol:

Skyy **Vodka**

Wild Turkey **Whiskey**

Beefeaters **Gin**

Mount Gay **Rum**

For the pictures across the middle, you get the following drinks:

Bloody Mary

Blue Hawaii

Boiler Maker

Cape Cod

Tuxedo

Hurricane

Manhattan

Lemon Drop

Napoleon

White Russian

Irish coffee

Each drink has one main alcoholic ingredient from the four in the corner. Choose the letter in the corner of the drink corresponding to its specific ingredient.

From that, you get your answer.

Answer: **CHOCOLATINI**
