

# Solution to Masters of War

By Hui Cheung

The title and flavor text are meant to hint towards using a rank associated with the object pictured.

Did you hear about the new director? They say he's really **commanding**; just a **major** pain in the rear to work with. I even heard that working under him should be considered a bizarre form of **corporal** punishment. It's like a trap and people are starting to leave the company by the **legion**.

The blanks are filled as follows:

CAPTAIN AMERICA  
COMMODORE SIXTY-FOUR  
MAJOR LEAGUE  
PRIIVATE EYE  
SERGEANT PEPPER  
GENERAL MOTORS  
COLONEL MUSTARD

The bolded underlines spell out

**ADMIRAL**
