

The Easy Way Out

Andy Crane

Difficulty

Easy

Word has it, making a movie can be tough, so we're constantly taking short cuts to get things done. Despite those who tried to be diligent and take several steps to do things, the director, in his extreme laziness, held control while giving instructions, and here's what we ended up with.

1.	<i>Elmer's product</i>
2.	<i>From Rome or Florence, for example</i>
3.	<i>Word following "News" or "Out of"</i>
4.	<i>Where two diameters cross in a circle</i>
5.	<i>Term referring to political conservatives</i>
6.	<i>Statistic for Dennis Eckersley or Mariano Rivera</i>
