

Recasting

Andy Crane

Difficulty

Easy

The director wants to change the leading actors on us again. I'm not sure we should trust his judgment though – he has expressed his displeasure at several classics in the past, saying who he might have cast instead.

He's got ideas for his next project, some epic remake starring Liv Tyler, Zach Braff, Jodie Foster, Al Pacino, Angelina Jolie, and Glenn Close. I'm not sure what I'd do with that cast.
