

Solution to Recasting

By Andy Crane

In this puzzle, each actor corresponds to a single letter in the movies they appear in. First note that some movies have the same letter twice, which means it's necessary in some cases for two different to represent the same letter. Once each actor's letter is figured out, looking at the list of 6 actors listed at the end and using their letter spells out the word **SCREAM**. This fits into the movie theme and answers and responds to the statement "I'm not sure what I'd do with that cast."
