I have a great idea for our next movie. It's got it all, romance and math, language and sarcasm, it may appeal mainly to nerds, but you know how many of those there are around. Some excerpts are below.

---

- It's an apple infused with tin.
- My hobby: answering casual questions in iambic pentameter.
- I have leftover cheese. I should get chips and make nachos. => I have leftover chips. I should get cheese and make nachos.
- Let's take our latitude and longitude, put our birthdays after the decimal points, then go to that spot and make out.
- What are you doing!?  
Gluing captions to your cats.
- $B_6$  = Amount of bullshit you're willing to buy from Frank Drake.
- I am not good with boomerangs.
- But I E-Bayed your X-Box so I could get this dueling harness for my Roomba.
- We were going to use the time machine to prevent the robot apocalypse, but the guy who built it was an electrical engineer.
