

Code Breakers

We hope you have been receiving the code words we've been sending. We found this final piece and think it will be enough to apprehend the criminals. Finish filling in the remaining letters. We had one of our best men on this but he hasn't been seen in days and we fear the worst. Take the first and last letter of each code word to find the appropriate starting square. For each letter in the code word move as follows. A-G = Left. H-M = Up. N-S = Right. T-Z = Down. Wrap around top-to-bottom or around sides as needed.
